Dreer's Wholesale Price List

JULY—1918—AUGUST

SPECIAL NOTICE

While it has long been the custom in the Seed, Plant and Bulb trade to accept all orders for growing crops and stock not actually in hand subject to crop failures, shortages or other causes beyond control, it is seldom that we have failed to make deliveries as promised, but the present unusual conditions, particularly on imported stocks, make it necessary at this time to call the special attention of our customers to the above rule and also owing to the constantly increasing cost of freights, material and labor and possibilities of extra duties and other taxes, we therefore must reserve the right to advance prices without notice.

SHIPPING—By our careful and thorough system of packing it is customary for our customers to receive their orders from us in perfect condition, and in the past we have guaranteed the safe arrival of all Express shipments, but the present congested state of transportation compels us to withdraw, for the time being, this guarantee and until further notice **all shipments are at Purchaser's Risk.**

PARCEL POST.—We will be pleased to send such items as can be mailed by Parcel Post if customers will remit for postage. **We do not deliver any goods free at Wholesale Prices.**

TERMS OF BUSINESS.—Unknown correspondents desiring to open an account will please furnish three references to parties in the trade with whom they have had credit relations, and sufficient time to investigate same, otherwise cash must accompany order.

 Remittances should be made by Post-Office Money Orders, Drafts on New York or Philadelphia banks, or Express Money Orders. Where it is not possible to obtain these, the letter should be registered. We cannot guarantee receipt of money sent in any other way.

 Goods desired C. O. D. must be accompanied by a partial remittance to guarantee acceptance. No perishable stock will be sent C. O. D.

 All goods are offered subject to crop failures, shortages or other causes beyond our control and to being unsold on receipt of order, and we reserve the right to advance prices without notice.

 This list cancels all previous offers. The prices quoted in this list are net, and subject to no discounts.

 No order for **plants or bulbs** amounting to less than \$1.00 will be filled and packed at wholesale prices. Orders received from the trade for Plants or Bulbs amounting to less than \$1.00 will be charged for at retail prices, less 10 per cent.

 No charge is made for boxes or packing, nor for delivery to Freight Depots or Express Offices in Philadelphia.

 In filling out your order always give **Shipping Directions**, and write **Name and Address Distinctly** on each and every order.

NON-WARRANTY.—We wish it to be distinctly understood that although we continue to take all possible pains to supply only New, Genuine and Unadulterated Seeds, Plants and Bulbs, we still give no warranty, express or implied, as to description, quality, productiveness, or any other matter of any of the Seeds, Plants or Bulbs we send out, and will not be in any way responsible for the crop. Every order received for articles named in this Catalogue will be executed on these conditions only.

POT-GROWN HARDY PERENNIALS

We will carry the following varieties in pot-grown plants throughout the summer in such condition that they can be planted at any time. This is a good stock to keep in mind, as it frequently happens that summer plantings are required to cover failures and misses in other stocks. Many of these varieties will still give an account of themselves and make a good showing this season, while all, if planted now, will be in fine shape for next year's flowering.
